1975 Letter to the Yearbook

Dear Students:

Never before in the history of this school has a graduating class faced a greater challenge.

The changing economy, the fierce competition for every job, and the rising cost of living present challenges to you unequaled in recent years.

Because you chose to attend Marietta-Cobb Area Vocational-Technical School, you are better equipped than most to compete in the world of work.

With this fast-changing economy, you may well need to return to Marietta-Cobb soon for retraining or for upgrading your skills. The entire Staff and faculty will welcome the opportunity to continue serving your needs.

Good luck and God bless.
